DAT POM THO:

- Grab a friend and have them hold their hands about 4 inches apart (this friend could also be a sturdy piece of cardboard).
- Wrap the rest of the yarn around the cardboard (or friend's hands) until you have at least 18 inches of yarn left. Cut yarn and tie up pom pom. Cut loops and fluff up the pom! Trim to your wildest desires, this is going to be huge!
- With tail of yarn, attach to the top of your new favorite hat and sew in loose ends with a darning needle.
